PROFILE

When Lance Anderson first qualified as a Stunt Performer in 1989, he brought with him over 10 years professional Rodeo experience. Competing extensively throughout Australia, Canada and the United States, Lance went on to win the 1978 World Bull Riding Title, proving himself to be a man dedicated to pushing the boundaries and earning a formidable reputation in all areas of stock work including Bull Riding, Bareback, Roping, Whip Cracking, Camel Wrangling as well as in practical skills such as welding and oxy cutting and operating heavy machinery.

Since that time, Lance has gone on to demonstrate that the commitment and versatility that served him so well in the professional Rodeo Circuit, has provided a strong basis from which to build his subsequent career as a Safety Supervisor & Stunt Performer. From precision and stunt driving to animal wrangling, rigging & wire work, high falls to body torches, street fighting and beyond, Lance has proved himself to be an asset both in front of the camera and behind the scenes.
